

AYUB KHAN J

Flutter Developer — Mobile App Engineer

Phone: +91 7904463409 Email: kayub1601@gmail.com

Location: Krishnagiri, India Portfolio: <https://ayubkhan-portfolio.vercel.app/>

Professional Summary

Flutter Developer with 2 years of experience building cross-platform mobile apps for Android and iOS. Strong in Flutter, Firebase, API integration, and clean architecture. Delivered production apps with optimized performance, modern UI/UX, and scalable architecture.

Technical Skills

- **Languages:** Dart, Java, JavaScript, Python, HTML, CSS
- **Frameworks/Libraries:** Flutter, Firebase, REST APIs, GetX, BLoC, Next.js
- **Tools:** Android Studio, VS Code, Git, Postman, FFmpeg, Selenium, ChromeDriver
- **Databases:** Firebase Firestore, Realtime Database
- **Other:** App Deployment, Authentication, Payment Gateways, Push Notifications

Professional Experience

Flutter Developer

Jun 2024 – Present

Codegen Solutions

- Developed and maintained mobile apps using Flutter and Dart, reducing crash rate by improving error handling.
- Implemented Firebase Authentication, Firestore, and BLoC, improving performance and data flow consistency.
- Collaborated with UI/UX designers and backend teams to streamline API integration.
- Improved app performance by optimizing renders and reducing API load time.

Junior App Developer

Apr 2023 – May 2024

Coderzbot Technology

- Built production-level apps using Flutter with GetX state management and Firebase backend.
- Integrated payment gateways (Razorpay), Twilio communication API, and RESTful APIs.
- Collaborated in end-to-end development: UI design, code implementation, debugging, deployment.

Key Projects

GPRS — Service Booking App (Flutter, Firebase, REST API)

Built app with booking system, provider assignment, call masking, and Firebase auth.

Pilling — Construction App (Flutter, Firebase)

Internal communication tool with progress tracking, material request flow, and SOS alerting.

Flicky — Short Video App (Flutter, FFmpeg, Firebase)

Developed reel posting app with video trim/merge, one-to-one chat, and real-time updates.

Hi-Tech Constructions — Website (HTML, CSS)

Developed responsive company website showcasing projects and services.

WhatsApp Automation Message (Python, Selenium, ChromeDriver)

Built automation tool to send WhatsApp messages in bulk for communication efficiency.

Education

B.Sc. Computer Science — Periyar University

CGPA: 7.2

Higher Secondary — 62% SSLC — 80%
